The 3rd highest task is *electrical labor*

DIVISION 09

The top tasks performed within Finishes include *interior painting, mounted wall tile and flooring*

2nd HIGHEST SPEND

MECHANICAL

How Do We Keep This Data Updated and Accurate?

Each year RSMeans invests over **22,000 hours** in cost research

Data for more than **52,000 distinct materials** and **80,000 unit costs** is gathered from **757 local markets** across the U.S.

Labor costs are updated annually and based on the average number of wage rates for **30 major U.S. cities**

RSMeans is aware of the **variables affecting cost**, and takes into account quality, overtime, productivity, size of project, location and other factors
